## IRSES-International Research Staff Exchange Scheme

All partners involved in a joint exchange programme are expected to temporarily “second” their staff and thus continue paying their salary during the stay abroad

- For each member of staff from an EU MS or AC staying in an eligible Third Country partner organisation, the Community will pay a **subsistence allowance of 1800€ per month**. The subsistence allowance is paid as a fixed contribution expected to cover the costs for the staff exchange, including travel costs and other related costs.
- Partner organisations from Eligible Third countries are supposed to cover themselves the costs for their “outgoing” staff.

### FINANCIAL REPORTING

The subsistence allowance of 1800€ per month and exchanged member of staff is paid as a fixed contribution. **When reporting to the Commission, beneficiaries will not have to provide evidence of actual costs** (cost statements for air travel tickets, evidence how much each researcher has received individually, etc). Reporting will be limited to the accomplished results, which includes number of person-months exchanged and scientific results achieved, under consideration of the objectives set out in the Work Programme.
